

RED WINES

Merlot Casa Copihue Chile 13%

The Chileans have managed to show off the Merlot grape perfectly here, with soft damson fruit coming together with a nice backbone of bramble. Very easy drinking.

Malbec Finca Vista Argentina 13.5%

The popularity of Malbec just keeps growing and this wine tells you just why. Wonderfully fruity and full in the mouth it finishes with that unique Malbec bite.

Shiraz Dry River South Australia 13.5%

Often an Aussie Shiraz has so much ripe berry fruit that you miss the fact that this is the grape of the Upper Rhone, where they call it Syrah and where it is full of peppery, spicy overtones. In this wine you get a bit of both and it is wonderful for it.
